Barclays Bank  
Account No: 30821829  
Sort Code: 20 95 61

**The first OGI was held in 1980 at Cophall Stadium in northwest London and the subsequent Games have taken place every two years at various other venues in north London**

**The idea for the Games was originally put forward by St Peter's Youth Club; the aim being to give all youngsters the chance to participate in various sporting events and that the actual winners were not the clubs that accumulate the most medals, but the people who took part**

**The first games saw teams from all over the UK participate and an average of around 500 young people ranging between the ages of 9 to 21, to this day take part in many track and field events as well as netball, football and swimming whilst generally savouring the opportunity to make new friends and have a fantastic time**

**The event is organised by OGIC a group of people who want to see youngsters enjoying themselves through sport**

**The bank holiday at the end of May, which has come to be the date of the games, is just a combination of two years of hard work for the athletes, their parents and committees**

**In the months leading up to the Games, everyone is busy attending weekly training sessions and in organising fund-raising events; but this in itself gives everyone the opportunity to get into the spirit of things so that even when the heavens open, as has become tradition, the enthusiasm and enjoyment of all cannot be spoilt**

**Fundraising is a very important part of OGI without your support we would be unable to stage these Games**

**OGIC needs your help to maintain this unique event at the heart of our community**

**Please give generously**
